## FREQUENTLY ASKED QUESTIONS

Dr. Kay transcripts (March 2015)

Dr. DavidSon was on the Dr. Kay show broadcasted in Cambridge, Maryland in the Washington D.C. locale March 2015. The host, Operations Manager Shane Walker assisted Dr. Kay in her absence. He had several questions that would be typical. The most obvious are as follows:

#CBDrKayTranscript1? **Dr. DavidSon why do people desire to have faith based counseling as opposed to secular counseling?** "Great question. There are numerous secular therapies. Take the RET-Rational Emotive Therapist as an classic example. A fellow comes guilt ridden because of unfaithfulness to his wife. He explains he's struggling with guilt because of the Biblical principles he believes. The RET will cite the belief system (adultery-guilt) as the problem. Given a wife with low libido, the client did what was rational and should not feel guilty according to RET. The RET begins desensitization therapy attacking biblical faith to abate the guilt. Believers know this is therapy attempting to undermine the basis of their faith."

#CBDrKayTranscript2: **Dr DavidSon the headline of the article you wrote Black Family Headed for Extinction is explosive. How did you arrive to that conclusion, and has their been criticism that you are critical of the Black community?** "Shane I was not being sensational at all. If anyone extrapolates the data, the person would reach similar conclusions. Over 71% of black families are single parent, it was 23% fifty years ago. More than 50% of black males don't graduate from high school. Below the poverty level, 80% leave their babies. The Bureau of Justice us projecting 1 of 3 will be jailed in their life time. I could go on with data endlessly! I'm considered the top Christ-based Counselor in this nation, and an expert in my field. I'm not a talking head. No projecting on others. No denial of the problem. It is not criticism. If you have a disease the physician needs to be clear about the extent of the disease. A part of any cure is to inform the patient. We are further mapping a reachable way to overcome this condition. Listeners should go to ReturntoHim.info. Concerning criticism, we've reached more than half a million people so far. There are critics, but not even a fraction of a percent compared to those listening and beginning to understand the gravity of the condition."

#CBDrKaytranscript3: **Dr Davidson what are the steps as you see it to improve the African American family?** "Shane we know the root cause and sub-causes. Given our history in the nation, our freedom from slavery was a miracle of Red Sea magnitude. The movement was led by the Christian faith, Quakers and free Christian blacks primarily. The same for the Civil Rights movement. It too was led by Christians. No mosques burned, no temples blown up, but churches were targeted. Fifty years ago, clearly more than 75% of blacks attended church. Today less than 17%. The problem is not education, votes, politicians, or government support this is a 'soulish' issue. We have forgotten the God who freed us and secured our rights. Read Deuteronomy

28:15-68 and see what happens with people who He sets free for His purpose, but they forget Him. By the way, all families are suffering, but not to the degree of the Black family. If we do not change their trajectory the others will be following that's for sure."

#CBDrKaytranscript4: **Dr. DavidSon let's say five years from now, what would you like to see?** "Shane we have the baseline for where we are today. So, five years from now when Gallup and other pollsters take church attendance polls we would like to see those trends reversing. Church attendance is an indicator and independent variable. Get that one straight the others begin to improve."

#CBDrKayTranscript5: **So Dr DavidSon how long do you think it will be to turn the condition of the Black family around?** "Shane, this is a multi-generational battle like slavery and Jim Crow. There have been persons like Fredrick Douglas and King--I'm neither--who knew they would not live to see the changes they desired, but they were catalyst. We use the first Christian symbol (fish - Jesus, Christ, God's Son and Savior) or ICTHUS as the framework to keep us on point. I means to Identify the root cause (i.e., rejecting the God who freed us). C-Call upon all parties. T-Target every cause. H-Hit, Harm every demonic entity. U-Use spiritual warfare of prayer, faith and God's Word and pragmatism. S-Sustain the assault upon Satan and his strategies against until the condition changes. Everyone knows there are issues, but now we present the matter so all can understand the gravity of the problem. And your station is helping in this regard. Everyone has a part."

#CBDrKayTranscript6: **Dr. DavidSon we thank you so much for coming on the show, and we look forward to your return. Do you have any final thoughts, and please tell the audience how they can find out more, and get your books and any other information.** "Shane I'm so thankful for the New Beginnings Church and Pastor Joseph R. Fields in Lewisville, Texas. They are the national program office, and thanks to my A3CEES team who work so diligently with us. Our Christ-based Hub is at CBCentral.info. It's CB as in Christ-based. Again, that is CBCentral.info. There they'll find our schools and colleges, counseling and faith-life coach certification and the Return to Him initiative we have shared today." Transcript closed.
