“This is not a black thing. This is a national crisis. If it hasn't already affected you, it will!”

GOAL: To save our children and the family unit by returning, rediscovering and rebuilding our faith one person and one family at a time.

WAYS TO TAKE ACTION TO SAVE OUR CHILDREN AND FAMILIES

1. Familiarize yourself with the Fact Sheet. Be able to be conversant on the facts.
2. Share it **with your children, family, friends and co-workers.**
3. Talk to your children, family, friends and co-workers about **CHRISTIAN FAITH** as the **Road to true Freedom and human rights**. God is the same forever. (Hebrews 13:8)
- 4.

Seek out those who may be living the conditions as shared here. Help someone understand the conditions can be reversed by returning to the same faith that saved us in years pass. God is the same forever (Hebrews 13:8).

Invite a person or family at risk to attend your church. We realize the damage concerning the perception of the local church in many locales, but all churches are not the same.

5. Invite a person or family to visit **ReturntoHim.info** with any device having internet access.

Share the necessity of becoming a part of the greatest success program for young people, the Church. If for some reason this is not possible locally, please contact us at ReturntoHim.info. We will prepare you to provide what your children need. Or we'll contact a local church in your area to assess their program and help you get acquainted.

6. Get your church involved by setting a missions budget to launch complete public information campaigns throughout the year. Some brief ideas are as follows:
 - a. Regularly, distribute pamphlets and fact sheets in the community. Expect a lengthy campaign.
 - b. Be sure the church offers a curriculum-based program for young people with Biblical and social objectives.
 - c. Hold community town-halls to discuss the research, and share the answers. As with an evangelist, this often is best accomplished by a third-party.

7. Remember, this is not about building a membership. This is about kingdom building one person and one family at a time.

FACT SHEET

- Less than 50% of African American males graduate from high school.
- While the rate of having children is on a decline, 70% of African American children are being born out of wedlock.
- Below the poverty level, 80% of African American fathers abandon their children.
- Presently, more children are born to unwed mothers than wedded mothers. African Americans are the only race with this distinction.
- African Americans are responsible for more than 90% of the homicides in the nation.
- African Americans represent about 14% of the population. They are 37.5% of the prison population.
- While the whole prison population has increased dramatically since 1960, the African American prison population has outpaced all other races combined.
- The cultural music and entertainment enjoyed by the youth and young are so violent and vile that both the Association of Black Psychology and American Association for Pediatrics agree it has devastating consequences.
- African Americans lead in almost all of the critical health signs such as obesity, high blood pressure, and diabetes.
- We can vote if we will, and select the political official we desire, but they cannot and will not answer the African American's greatest need. This we know!
- Consider 70% of broken African American families with black males are absorbing violent and vile music daily. More than 50% do not graduate from high school. They are not employable. What are they doing? They replicate the condition producing an ever-increasing pipeline of humanity to crime and prison. This is why the African American father-less home and prison "rates" keep soaring. Their condition is also fertile for potential terrorists. *The federal government knows this.* Now, you can understand why police departments-- as witnessed--in Ferguson are equipped with military hardware. "This condition is occurring and growing while you read this fact sheet."
